

Navigation must be in the following order:

- Home
- Cash Loans
- Personal Loans
- Car Loans
- Home Loans
- Business Finance
- FAQ
- Blog
- Download Application (with asset attached on back end). Also make this menu option a picture of a cloud with a downward pointing arrow.

Each page should follow the same wireframe layout as follows:

- Logo on left side > Phone number and search box on right hand side both in the same header module
- Navigation Bar (same as above)
- Breadcrumbs
- Social links which are > E-mail this article > Print this article > FaceBook > Other social buttons??
- Main body of article with a picture (See wireframe attached)
- On right hand side of each article/page there must be an Apply Now button (same as home page button only smaller) and underneath the Apply Now button we also need about 4 Quicklinks
- Bottom of each page needs to have our contact details and copyright footer

Contact Details:

- Each page (including the home page) must contain the contact details box which must have the following details:
- **LEFT SIDE OF BOX:**
 - Rescue Credit Pty Ltd
 - ACN 150 244 401
 - Australian Credit License No. 434373
- **RIGHT SIDE OF BOX:**
 - Call Us 0425 10 60 47
 - Fax (03) 8672 3562
 - E-mail info@rescuecredit.com.au
 - Mail PO Box 160 Sebastopol VIC 3356

Right at the bottom of the contact box, a few lines down include the following text: "All applications are subject to approval and will be assessed separately by reference to the applicants individual circumstances"

Also include a hyperlink which reads "Privacy Policy" and when it is clicked a pop-up window appears and I will enter the text myself later on so just fill the pop-up window with some dummy text for now.

Home Page Only

We need a picture of a small triangle with an exclamation mark in it on the bottom right-hand side of the home page

next to the contact box that reads “A warning about borrowing”

Once they click on that we need a small page to pop up with the following text “Do you really need a loan today? It can be expensive to borrow small amounts of money and borrowing may not solve your money problems.

Check your options before you borrow:

- For information about other options for managing bills and debts, ring 1800 007 007 from anywhere in Australia to talk to a free and independent financial counselor
- Talk to your electricity, gas, phone or water provider to see if you can work out a payment plan
- If you are on government benefits, ask if you can receive an advance from Centrelink: Phone: 13 17 94

The Government’s MoneySmart website shows you how small amount loans work and suggests other options that may help you.

* This statement is an Australian Government requirement under the National Consumer Credit Protection Act 2009.”

Inside the pop-up window include a red bar at the bottom of the message which reads “Close this message”

Sitemap

Create and place a sitemap on the lower part of the homepage or wherever it needs to be placed throughout the site

Benefit Statement Box on Home Page – we need to change the two arrows (>>) to green ticks  and create 4 lines, I will provide you with the final benefit statements within the next day or two

Why You Should Choose Us on Home Page – please change this to “**How We Can Help**” and change the two arrows (>>) to green ticks  and create 4 lines, I will provide you with the final statements within the next day or two

Apply Now button on Home Page needs to be at least 25% bigger, increase pixel dimensions

Call Us – Please change the phone number to 0425 10 60 47

BLOG – The BLOG page is too messy. All I want is a title of the BLOG followed by a picture and then the introduction text with a “Read More” option after say 20 words. Remove the Guide/Support and other text on the right side of the page and replace that with a BLOG archive article list. Include the Logo, Navigation, Breadcrumbs and Social options on the BLOG page

I have attached a wireframe for the layout of each article page
